Head's Chat

I hope you've all had a good week.

We had a photographer in on Tuesday to take some photos for our new online prospectus. He was extremely complimentary about the school and pupils. The children were all brilliantly well behaved. I'm sure the photos will be wonderful!

As I'm sure you are all aware, the Covid 'Delta' variant is unfortunately spreading fast. We all need to be vigilant.

Dr Nicola Lang, who is the Director of Public Health in Hammersmith and Fulham, has asked me to share this letter with you.

To: Parents of children in H&F schools

Dear parents and carers,

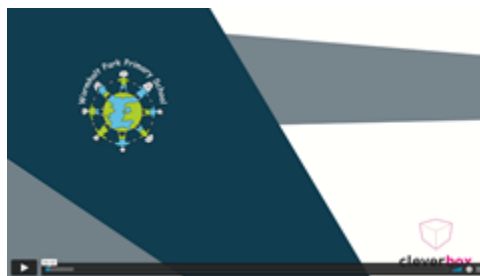

Fast spreading Covid 'Delta' variant:

You will have seen that the Covid 'Delta' variant (originating in India) is spreading fast, with cases and the infection rate, (per 100,000 of population), rising in Hammersmith and Fulham and North West London.

A recent published study has shown that people infected with the Delta variant can present with different symptoms in addition to those first listed. These are headache, sore throat, runny nose and fever. These symptoms present like "colds" so in order to try and reduce infections and transmission in schools it is important to have a low threshold of suspicion for cases. If your child is unwell with symptoms, please let your school know, keep them away from school and get a PCR test:

[Covid Testing](#)

On a much happier note, I am absolutely delighted to share our amazing 'School Video' with you. It really is fantastic. Thank you particularly to Maryam and Violetta, who wrote the script and narrated it so professionally! Click below to see it. Please let me know what you think!

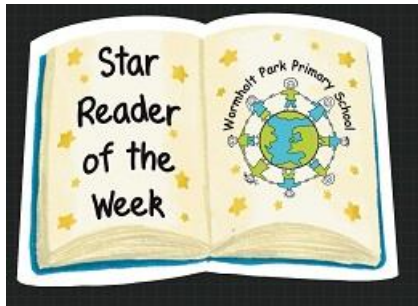

As always, if you need to contact the school outside school office hours, please email covid@wormholtpark.lbhf.sch.uk

Head Teacher

Readers of the Week

This week, the Readers of the Week are: Shuayb in Harare and Ollie in Salvador.

They both came to read to me today and were able to discuss what they read so well!

Well done, both of you.

Attendance and Punctuality

Well done to Wellington Class, who had 100% this week. Fantastic.

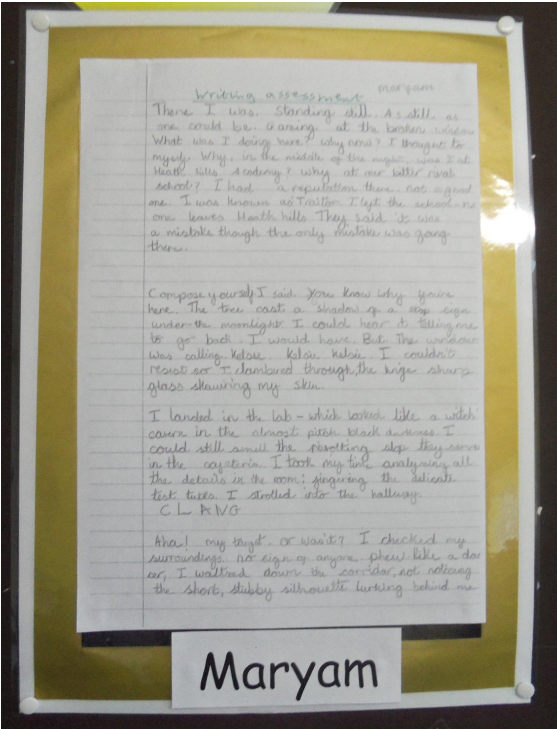

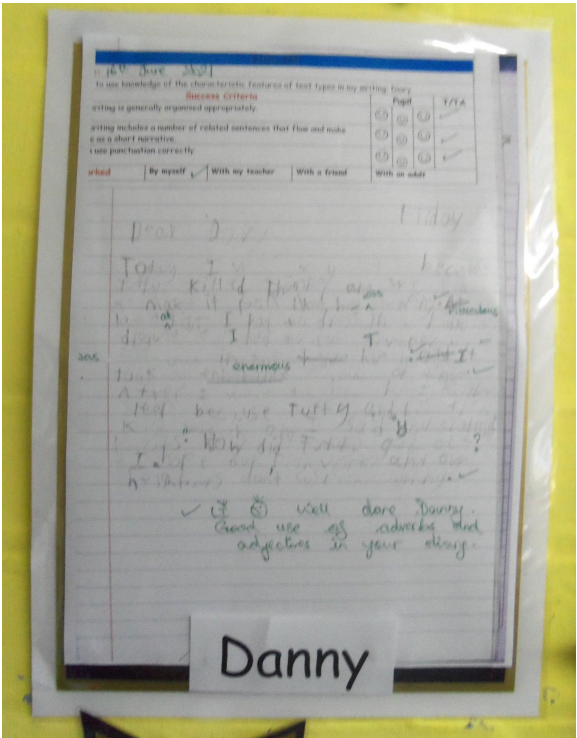

I know I've said this many times before, but it is so important that children arrive at school on time. Again this week, we had way too many late children. Please make sure your child is at school by 8.50am at the very latest. If they are 10 minutes late every day, they miss 50 minutes a week, which works out as over 32 hours a year. This is a whole week of school.

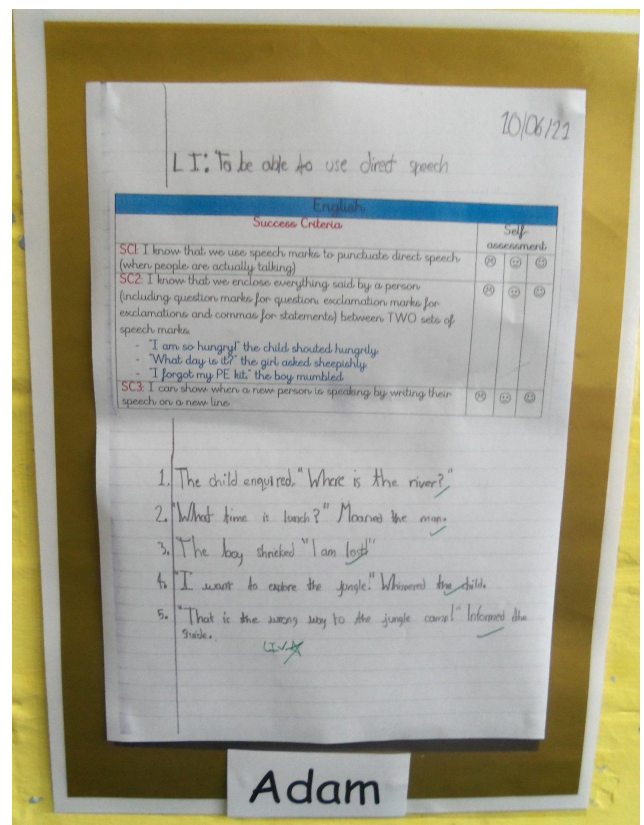

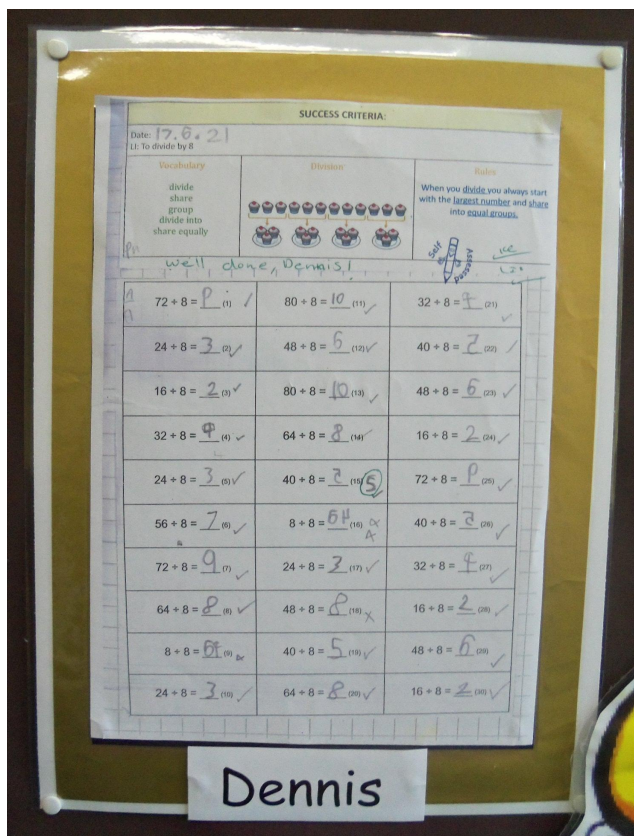

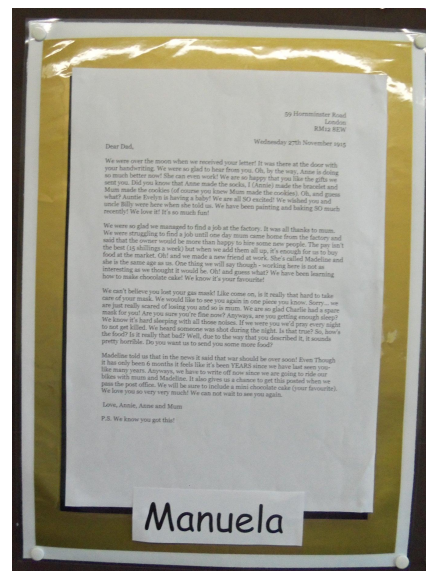

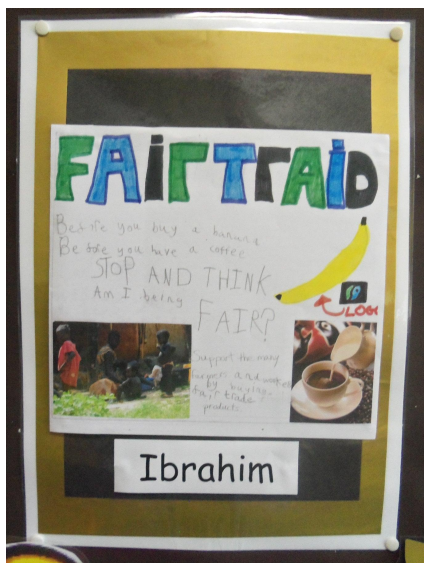

If you are regularly late, please let us know if we can support you in any way to help your child be on time for school.

Wormholt Park's Hall of Fame

Look at the lovely pieces of work that the children have completed this week and last!

AI To be able to write a character description.

| Success Criteria | Self assessment | | |
|---|-----------------|-----|-----|
| SC1 I can describe a character's appearance using adjectives | (1) | (2) | (3) |
| SC2 I can describe a character's personality using adjectives | (1) | (2) | (3) |
| SC3 I can join my descriptions together in full sentences to describe my characters | (1) | (2) | (3) |

Samantha is a girl. She has long blonde hair and dark blue eyes although her eyebrows are always getting in the way. She is really tall while her feet are really small. Her hair is always getting in the way because she has never cut it! ✓

Jake is also tall although Samantha is still taller. He has really curly hair while it is never messy not even when he wakes up. He has dark black eyes and blue hair! ✓ (VF)

Samantha has a nice ^{personality} personality although her cat always makes her go crazy. She is nice to people only if they're nice. She has lots of pets but half of them actually make her go crazy although she still likes them she also loves adventures! ✓

Kaiyva

Well done Kaiyva.
You have tried your best to draw a person with all the correct body parts.

Kaiyva

BIDMAS

B Brackets
I Indices
D Division
M Multiplication
A Addition
S Subtraction

Follow your method by reading and starting from the front and going down.

B Brackets
O Order
D Division
M Multiplication
A Addition
S Subtraction

Brackets are to round the different parts, or to tell us to follow the order. Brackets are only used in secondary school.

Indices are powers or roots.

Division and Multiplication are done from left to right.

Addition and Subtraction are done from left to right.

You have to follow the steps correctly because if you don't, your answer will be wrong.

Remember!
 Always follow the method.

$4 + 3 \times 2 = 10$ ✓
 $4 + 3 \times 2 = 13$ ✗
