

# Welcome to YEAR 2

We have two classes in Year 2; La Paz with Miss Fisher, and Lima with Mrs Wassagou. We also have Mr Amiri and Mrs Sheehan who support us in our learning.

Our teachers plan exciting and creative lessons to challenge and encourage us to be independent learners and thinkers. We attend daily phonics lessons in Year 2 and our text-based literacy lessons help to foster a love of reading and inspire our writing. In maths, we follow the White Rose scheme of work. This has been carefully planned to develop and deepen our maths fluency, reasoning and problem-solving skills.

In our topic lessons this year, we will be learning about our local area and our world, including places such as the Polar Regions and Australia. We also be learning about the Great Fire of London and the history of our local area.

Art & music are also part of our learning, it allows and gives Year 2 great opportunities to develop their creativity through their imagination, while still learning new skills and developing ways in which they are able to explore new tools and equipment.

We have two PE lessons a week to develop our physical abilities and frequently we are able to benefit from the expertise of a sports coach during these lessons.

We are all excited about the year ahead!
