

Year 6

SEOUL'S

Useful Information

Autumn 1

History:

This half term, we have a history focus. We will be investigating what a local census tells us about our area in Victorian times. Children will carry out an enquiry using the census, parish register, factory and school records. They will learn about changes to the family over a period of time and suggest reasons for these changes, linking them to national events. Pupils will also plan their own historical enquiry and will research a local family.

English:

We will be studying non chronological reports and pupils will be writing one about various aspects of Tudor society using our Power of Reading book. Children will develop their comprehension skills through daily guided reading sessions when they will be answering retrieval, inference and word meaning questions using timed tests. The grammar concepts covered this half term include: formal adverbials, bullet points and formal language.

Maths:

We will be covering the following topics this half term:

- Number and place value
- 4 operations - addition, subtraction, multiplication and division.

There will also be an 8.00am maths club once a week for pupils to practise their arithmetic skills. We would like all pupils to attend.

Every Wednesday, children will have an arithmetic focus for maths.

Science:

This half term, pupils will broaden their knowledge of how vertebrates, invertebrates, plants and micro-organisms are grouped using shared characteristics. They discover how Carl Linnaeus developed the Linnaean and binomial systems for classifying and naming living things. Pupils use and produce branching and number classification keys.

Computing:

Computing systems and networks
