

Welcome to YEAR 3

Year 3 is the very first year of Key Stage 2. Our Year 3 class is called Washington. Miss Musa is our class teacher. And we are also supported by Mrs Wassagou.

In Year 3, we pride ourselves on planning creative and exciting lessons to encourage and challenge children to be independent learners and thinkers. We are dedicated to our children and want to ensure that they have the best possible learning experience. Our aim is to offer an all rounded education to equip them with the key skills for navigating life both inside and outside of school.

In Year 3, we are excited to be expanding the children's knowledge in all areas of the curriculum. We hope to create a love for maths and reading, by exploring exciting stories supported by the Power of Reading scheme and adapting lessons and teaching from White Rose Maths. Furthermore, we will be learning about many different topics which are incorporated into history and geography.

The children can also look forward to engaging in a range of workshops and trips to support their learning and widen their experiences of the world.

We will be working together as a team to promote a Rights respecting ethos in our classrooms and across the school as well as focusing on the children's physical well-being by taking part in the daily mile challenge, throughout the year.

Our aim in year 3 is to create confident, well-rounded global citizens, that know more, remember more and do more.
