Skills Builder Weekly Challenge

Read a story or watch a film.

Pause when a character experiences a problem. Ask yourself, is this problem...

- a simple problem? (it has one solution)
- a complicated problem? (there are a few different solutions)
- a complex problem? (there is no 'correct solution')

Write and/or draw how you would solve this problem, if you were the character.

Continuing reading or watching: how did the character solve the problem?

Reflection Questions

Getting Started: How can you best explain a problem you are having to someone else – what do they need to know?

Intermediate: How can you come up with lots of possible solutions?

Advanced: Why is it important to consider a range of solutions for problems?

Mastery: How might you choose between different solutions to a complex problem?

🔧 Problem Solving

Have you been completing any of these skills builder challenges at home?

Please let us know how you are finding these. Here is this week's challenge! Skills Builder has resources available for parents/carers on their website. The [Home Zone](#) helps parents and carers to build their child's essential skills at home. Each week they have a different Skills Challenge that parents/carers can complete with their child.

Weekly Book Review

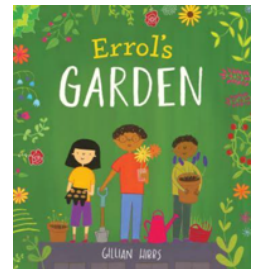

This week we have a book review from Oslo Class (Reception) Book Review: Errol's Garden by Gillian Hibbs

We loved reading Errol's Garden by Gillian Hibbs! It was a lovely story about a boy named Errol who loves plants and dreams of having his own garden. Even though he doesn't have a backyard, he finds a special place on the roof and asks his neighbours to help make a garden there.

Our favourite part was when everyone worked together to plant flowers, vegetables, and trees. It made us smile to see how kind and helpful the neighbours were. We think Errol is a great example of someone who cares about nature and brings people together.

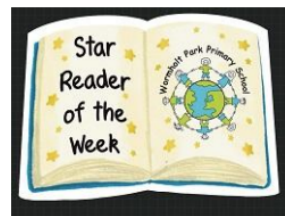

The pictures are bright and beautiful, and we had fun spotting all the different plants. It even made us want to start a little garden of our own at school!

We think this book is perfect for children who like nature, teamwork, and making their dreams come true. We give it 5 stars!

Reader of the Week

This week, the Star Readers of the Week are Manahil from Lima Class (Y2) and Amayah from Santiago Class (Y6). Well Done both of you!
