Statutory Requirements

The equality objectives on pages 5 and 6 address our duties under current equality legislation, up to and including the Equality Act 2010. They also relate to the current local authority (LBHF) procedure for recording incidents involving pupils in schools.

The Disability Equality Scheme/Accessibility Action Plan referred to on 6 addresses our duty under the Special Educational Needs and Disability Act (SENDA) 2001.

Community Cohesion: a contextual statement

This statement outlines the current status and the data relating to ethnicity, religion/belief and socio-economic factors relating to the school community. As inclusion is of primary importance to us we ensure that all pupils are able to access the curriculum and make progress and we encourage full participation in the activities that are on offer to them.

Ethnicity and Cultural Context

Wormholt Park School serves a multi-ethnic and multi-cultural community and has an above the national average number of pupils with a heritage background other than white British. There are significantly more pupils at the school with English as an additional language than the national average.

Religion and belief context

The predominant faith communities within the school are Muslim and Christian. All pupils accordingly celebrate the major festivals Eid and Christmas with other major world festivals also being celebrated in school assemblies. All children are encouraged to share their own faith and they learn about other people's faiths in Religious Education lessons or as part of PSHE (Personal, Social and Health) education lessons. Children visit different places of worship as part of their curriculum work.

Socio-economic context

The area the school serves is in the majority the highest percentile (10%) social deprivation in England, highest percentile of pupil premium and special educational needs far exceeding the national average; a large proportion of children live in overcrowded or temporary occupation. Mobility is high.

Cohesion

The school has policies and procedures in place that ensure all members of the school community treat each other with consideration and respect. Our school is a harmonious and calm place where all children can feel safe and secure. Racist incidents are extremely unusual and are dealt with in line with local authority procedure; rare incidences of homophobic language are dealt with immediately and due to our strong inclusive ethos all children, regardless of need or disability, are accepted as equals. Celebrations are held that reflect the diverse nature of the locality and parents and families are active participants in these.

How We Conduct Equality Impact Assessment

This section outlines our process for monitoring the potential impact of school practice in terms of:

- ethnicity
- religion or belief
- socio-economic background
- gender and gender identity
- disability
- sexual orientation
- age

Equality objectives identified by this process will be included in the plan on pages 5 and 6, or in the School Development Plan as appropriate.

Evidence of this process and progress is reported to the Governing Body.

- Racist incidents are also reported to the Local Authority
- Children with special needs are monitored and their progress is reported to their parents or carers; the Governing Body is given an overview of provision and progress
- We track pupil progress by age, gender, ethnicity, English as an additional language, Special Educational Needs and socio-economic background (free school meal entitlement and pupil premium)
- Incidents of homophobia are reported to and monitored by the senior leadership team
- Incidents regarding adult behaviour are reported to the local authority e.g. racist incidents, aggressive behaviour and staff conduct

How We Choose Our Equality Objectives

We use the following evidence as part of our objective-setting process:

- Analyse School Progress
- Fischer Family Trust
- LA Annual Summary Reports
- SIMS

- School data management system – progress tracking and assessments
- Multi-agency reports
- Exclusion reports
- Child protection, child in need and LAC information
- Parental questionnaires
- Pupil questionnaires
- Information from school council
- External agency reports, e.g speech and language therapists, art therapists, medical professionals

Use of this evidence then determines objectives that will:

- Promote equality of opportunity
- Eliminate unlawful discrimination
- Foster good relations between different groups of people in terms of ethnicity, religion or belief, socio-economic background, gender or gender identity, disability, sexual orientation, age and other protected characteristics
