

Welcome to YEAR 1

HAVANA & HARARE

We have two classes in Year 1: Havana and Harare. Mrs Best and Miss Relton are our class teachers, and we have additional support from Ms Issa, Ms Macalka and Ms Molly.

In Year 1, children make the exciting transition from Early Years to Key Stage One. We encourage growing independence and a love of learning through focused activities and structured play. Our half-termly topics help children explore the world around them, build confidence, and develop creativity while gaining the essential building blocks for lifelong learning. Some of our exciting topics include *How am I Making History?*, *Make Your Mark* in Art, and *Forces & Space - Seasonal Changes* in Science. Throughout the year, children will become mathematicians, writers, readers, scientists, artists, historians, geographers, and more! It's a busy and exciting year ahead, and we greatly value working with parents as partners—your support at home makes a big difference. Our door is always open if you'd like to talk to us.
